Hide Details

From: Amy Littlefield <littlefield.amy@rewire.news>

To: Group R5Foia/R5/USEPA/US@EPA,

I am an investigative reporter with [Rewire](#), a national publication that covers reproductive health and human rights issues. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I am requesting copies or access to **all of EPA's testing results for the soil and interior of the home located at 4928 Euclid Avenue in East Chicago, Indiana, from September 1, 2016 to the present.**

In the interests of costs, timeliness, and efficiency, I request that any documents be provided to me in electronic form, at littlefield.amy@rewire.news.

If there is a high volume of materials responsive to this request, I would be glad to discuss options for providing the materials electronically. If records must be provided in hard copy, please mail them to the following address:

Amy Littlefield

Rewire

PO Box 441918

Somerville, MA 02144

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of lead contamination in East Chicago. *Rewire* is a small nonprofit dedicated to public-interest reporting. This information is not being sought for commercial purposes. The statute requires a response to this request within twenty business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies. If you deny any or all of this request, please cite each specific exemption of the Freedom of Information Act that you feel justifies the refusal and notify me of the appeal procedures available to me under the law.

Please contact me with any questions.

Thank you,

Amy Littlefield
